**GRAND PARENTS DAY : 2016-17**

The kindergarten section of the school recently celebrated the grand parents day with much vigour and zeal.

Grand parents are special to every child. Their knowledge is more valuable and their love can't be measured. The programme began with gifting the cards and flowers to grand parents.

Tiny tots in colourful and traditional dress performed different events and they danced to various tunes. Dramas enacted showed the little ones love and affection for their grand parents. Elderly people enjoyed the games which were organised specially for them.

The programme ended with a speech by the school secretary Mrs. Yashodamma Krishnappa. In her speech she stressed that grand parents are an integral part of every family and they teach their children the basic rules values and traditions.
